

Paycheck Protection Program Portal (P4)

Automate funding and servicing to quickly and efficiently deliver sorely needed funds to keep business and employees afloat

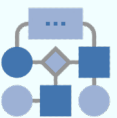

Are you able to quickly build out a platform to get urgent funds into the hands of businesses? We can help.

We are your one-stop service for lender portal and workflow automation

Application Portal

Up in one day, accept and process applications, automate applicant interactions, and route information to key employees.

Workflow Processing

Scalable volume, fully-customized work queues, document upload and management, decision process automation, and instant platform updates.

Risk/Fraud Mitigation

Secure portal captures legal acknowledgement and digital signatures.

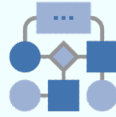

P4 Application Portal

In less than one day, you will have an online application form for businesses that can link to your homepage or have running on a branch computer or tablet.

Businesses can quickly submit their applications online, reducing traffic at branches and phone banks, and get immediate answers from a FAQ.

Based on real-time portal customization, businesses will receive real-time email updates and can log into the portal at any time to view application status and submit questions.

P4 Workflow Processing Engine

You can immediately boost your throughput by to meet fluid and uncertain levels of demand. Manage your work queue using fully-customized and automated workflows.

Team members collaborate on system-assigned tasks and tracking. Automate loan document submission and record key values for validation by employees in downstream workflows.

The system can quickly be updated as business processes or federal mandates change. The P4 no-code platform can be changed in minutes through a request to SSTech.

Fraud Mitigation

The P4 platform reduces employee-applicant direct interaction to near zero. The secure portal captures legal acknowledgement and digital signatures to help protect against fraud.

Decision processes are fully automated and milestones automatically updated, including requests for information and delivery of email and text updates.

Providing Help Fast

If you are implementing a PPP program, we can help simplify and accelerate the process to deliver funds quickly to needy businesses.
