

# Modern Workplace Solutions

A high premium tool to enhances the productivity and engagement of your hybrid workforce.

The future of work has changed. With System Soft Technologies' Modern Workplace Solution, you can improve your employee's productivity and satisfaction, create more seamless communication and collaboration across locations and platforms, while maintaining the security and integrity of systems and data.

## Connect

Bring together up to 1,000 participants for interactive Teams meetings, where your attendees can chat, talk and turn on video for real-time collaboration.

## Create

Build once and deploy role-specific content from your employees via laptops and desktops to mobile and meeting room devices. Easy to administer management and visual design to extend your brand standards.

## Collaborate

Collaborate on shared documents and files and co-author in real time using apps, such as Word, Excel and PowerPoint. Another amazing tool is Share files within channels, meetings and chats, with a link or by directly uploading to Teams.

## Complete Modern Workplace Solution

Our portfolio of offerings delivers a complete digital workplace platform.

### Employee Empowerment

### Modern Workplace Integration

### Working Across Devices

## Deployment and Adoption

We start with deployment, then we create value for your team members by educating them about how to take advantage of collaboration solutions, which can lead to innovative ways of working.

## Governance

We offer automated content management, hundreds of out-of-the-box components, cloud-enabled services, integration with Active Directory, and app-based administrative management for easy operation, maintenance and management.

## Apps and Customization

Our Modern Workplace Solution allows you to build a long-lasting collaboration through custom apps, serving your everyday needs. From sales dashboards to process workflow, Teams' capabilities are endless.
